

Sightseeing Train – Private Monorail Reception

- 1 A guide to enriching the monorail journey
- 2 Original interior decorations and band performances
- 3 Full of features to deepen communication

This unique urban venue reception combines a sightseeing tour, during which guests enjoy the scenery from a height as if they were taking an aerial walk, with a communication opportunity. This program charters the 'Yui Rail' (monorail), the only railway on the main island of Okinawa. The event is designed to facilitate relaxation, encourage conversation, and promote interaction. Guests enjoy a selection of finger foods, popular Okinawan beer, and live band performances, specially arranged for the event. The sense of exclusivity of chartering public transport and the unique environment that it creates help to enhance engagement with guests.
